**To** | University of Calgary Department of Obstetrics & Gynecology, Calgary Zone Primary Care Physicians  
**From** | Chemistry Department, DynaLIFE Medical Labs, Calgary, AB  
**RE:** | **Expedited appointment booking for Glucose Tolerance, Gestational testing: City of Calgary**

## Key Messages

- If needed, follow up Glucose Tolerance, Gestational testing should occur within one week of the Gestational Diabetes Screen.
- Significant wait times will be encountered if patients attempt to book the Glucose Tolerance, Gestational test at patient service centres in the City of Calgary using the online Q.Me system.
- Patients in the City of Calgary need to call the DynaLIFE customer care centre at (780)-702-4486 or 1-877-702-4486 to book a laboratory appointment for an expedited Glucose Tolerance, Gestational test.
- The Q.Me system has been updated to reflect these instructions, and a comment with these instructions will append to all Gestational Diabetes Screen test results for the next two months.

## ACTIONS REQUIRED

- Please instruct patients in the City of Calgary to call the DynaLIFE customer care centre at (780)-702-4486 or 1-877-702-4486 to facilitate expedited booking of appointments for follow up Glucose Tolerance, Gestational testing.
