

Innovation Training for Primary Care Teams

InnovateHealth
PRIMARY CARE TRAINING

InnovateHealth is a free, multi-session training program created for Alberta's primary care teams. As the health system evolves, this program helps you and your team not just adapt to change – but lead it.

This program is available to Alberta-based primary care:

✓ Administrative staff ✓ Health teams ✓ Leaders ✓ Physicians

Delivery and participation is flexible. Register for one, several, or all modules.

MODULE 1
Innovation Fundamentals
Explore the foundations of innovation.

Launching January 2026
30 minutes
Self-directed, online

MODULE 2
Coaching as Conversation
Use coaching as a powerful tool for communication and leadership.

Launching January 2026
18 hours over 3-4 months
Online or in-person

MODULE 3
Human Teamwork
Practice the mindsets and skills needed to collaborate effectively.

Launching March 2026
7 hours
Online or in-person
Note: This module is for team sign-up

MODULE 4
Implementing & Sustaining Innovation
Turn ideas into action with practical strategies.

Launching 2026
More details coming soon.

 The Innovate Health program supports the Physician Practice Improvement Program (PPIP) requirements for the College of Physicians & Surgeons of Alberta (CPSA).
