

Check PPIP Activity 2 off your to-do list and audit your charts.

To support members in the Calgary Zone meet the CPSA's Physician Practice Improvement Program (PIIP) activity two — Standards of Practice requirements — the CWC PCN is hosting a three-part series focused on charting.

Join Charting Coach and practicing family physician Dr. Sarah Smith to:

- Get PPIP done in a timely manner
- Conduct a chart audit
- Discover what charting strategies could work for you

Part one: Thursday, May 2 from 8 to 9:30 p.m. (live online or view recording)

- Evaluate and learn potential charting strategies
- Review the CPSA's Patient Record Content standard of practice
- Understand how to conduct a chart audit

Part two: Saturday, May 11 from 8 to 10 a.m. (live online or on your own time)

- Dedicated time to conduct an audit on your own patient charts
- Opportunity to ask questions

Part three: Thursday, May 16 from 8 to 9:30 p.m. (required live online)

- Discuss charting strategies based on your chart audit
- Finalize your action plan

[Registration](#) is open to all PCN physician members in the Calgary Zone.

This series will conclude with the drafting of your own action plan related to the Patient Record Content standard of practice.

Your colleague who participated in this series said:

“This program was incredibly helpful to support fulfilling the PPIP Activity #2. Dr. Smith is a great teacher and made the whole process painless.”

— Dr. Sher Clain.

Can't make a session? These sessions are meant to be flexible, and you may still be eligible to complete this series:

- The first session must be watched live or during your own time before attending the required third session. The recording will be made available to all participants on Friday, May 3.
- The second session will act as a working session for your chart audit, allowing physicians to ask questions during a dedicated time. This session is optional as your chart audit can be completed independently if you'd prefer.
- The third session is mandatory and must be attended live online with a completed chart audit ready and a drafted action plan.

You will be eligible for up to five certified Mainpro+ credits (through Linking Learning Exercise) and up to five non-certified credits.

Don't miss out: [Register today.](#)
